

Corrigendum

In the article by C. S. Cortesao, R. F. Freitas, and V. M. Barreto (G3: Genes|Genomes|Genetics 3: 645–655) entitled “Activation-Induced Cytidine Deaminase Does Not Impact Murine Meiotic Recombination,” the *Aicda* primers on page 648 were not complete. They were listed as F_5-CCTAAGACTTTGAGGGA-3 and R_5-CAGGTAGCAGAGGTAGG-3. The complete sequences are F_5-CCTAAGACTTTGAGGGAGTCAA-3 and R_5-CACGTAGCAGAGGTAGGTCTC-3. This has been corrected in the text.
