

Figure S1 YFP reporter expression for *pry-1*, *Y41C4A.11* and *sptf-2*. (A) and (B) expression of *pry-1::YFP* transcriptional reporter in midbody region of an L4 hermaphrodite showing expression in vulval cells (arrowhead) and ventral neurons (arrows). (A) Nomarski image; (B) fluorescence image. (C) and (D) merged Nomarski and fluorescence images of the head region of L4 stage hermaphrodites showing expression from transcriptional reporters for (C) *Y41C4A.11* and (D) *sptf-2*.
