

Figure S3. Relative expression of the *CrMFT1* and *CrMFT2* genes in various organs of *C. rubrum* plants under three light regimes. Relative expression of the *CrMFT1* and *CrMFT2* genes in various organs of *C. rubrum* plants under three light regimes. LL - permanent light (yellow), 3 LD –LL - three consecutive periods 12 h light/ 12 h dark followed by permanent light (red), LD - 12 h light/ 12 h dark (black).
