

File S1

Online resources for the practical course, including a course manual (with a time table indicating the time slots for the various genetics training modules), an introductory *Drosophila* genetics manual, and a number of further resources of which the "02-ConceptsDrosophilaGenetics.ppt" and "03-P-elements.ppt" files are referred to in the text. The actual version is available at <http://dx.doi.org/10.6084/m9.figshare.156395>. Previous versions used on the 2013 course are listed further below on that site.
